SAFER SPACE WORKSHOP OUTLINE GRADES 6 - 8

Safer Space defines and discusses online sexual exploitation in an engaging and age-appropriate way. By using real life examples, activities, videos, and lively discussions, our presenters walk through online exploitation in a relatable way for our participants.

Safer Space workshops identify:

- digital citizenship and permanency
- what is online exploitation and how to recognize it
- online harms and digital blackmail ('sextortion')
- red flags of luring and grooming
- impact of intimate image sharing and 'deepfakes'
- online safety tips
- ways to reach out for help
- resources available

Our workshops address key learning outcomes as laid out by the Ministry of Education. This includes:

- goal setting and decision making; and
- personal safety strategies to avoid exploitative situations on the internet.

**Workshops are offered free of charge. Honoraria towards our programs are graciously accepted.*
